## PROFESSIONAL EXPERIENCE

**CIIRS Pvt. Ltd.** (Rajpura,Punjab)

**August 2022 - Present**

### Web Developer

During my tenure at CIIRS company, I collaborated with a dynamic team tasked with the development and upkeep of a robust ecommerce platform. My role primarily involved spearheading the implementation of new features and functionalities, alongside adeptly troubleshooting and resolving any encountered bugs.

#### Accomplishments:

- Oversee and maintain core web services and websites.
- Led the successful migration of an entire PHP site to Laravel, including the development of an admin dashboard.
- Implemented improvements to site speed and SEO, resulting in a significant increase in traffic and user engagement.
- Integrated various third-party tools, including Zoho, Zapier, Google Search Console, and Google Analytics, to enhance site functionality and performance.
- Collaborated with cross-functional teams to develop and integrate a React front end into the Laravel project.
- Ensure user satisfaction and retention by providing responsive tech support.
- Collaborate with senior developers to update the website and create new features

**Solitare infosys Pvt. Ltd.** (Patiala ,Punjab)

**August 2021 - January 2021**

### Android Developer Training

I completed a 6-month Android Development training program where I sharpened my skills in Java and the Android Studio platform. During the program, I created a restaurant management system using Java and MySQL, allowing users to add custom dishes, generate bill receipts, track recent sales, and view the top-selling items. I also developed an earthquake report app using the USGS API in Android, providing users with a list of the latest earthquakes.

## EDUCATION

### Bachelor of Technology (BTech) in Computer Science

July 2018 - July 2022

Bhai Gurdas Institute of Engineering & Technology, Sangrur, Punjab

I graduated with a Bachelor of Technology (BTech) in Computer Science from Bhai Gurdas Institute of Engineering & Technology (BGIET), Sangrur. Throughout my academic journey, I acquired a solid understanding of both theoretical concepts and practical applications within the field of computer science. This education has equipped me with a diverse range of technical skills, including proficiency in programming, software development, and systems engineering.
